

NUTRI-KNOW

Exchanging Easy-To-Understand Nutrient Management Knowledge With Farmers

NUTRI-KNOW aims to improve nutrient management practices in agriculture by establishing an ongoing cycle of knowledge exchange for the benefit of both farmers and the environment.

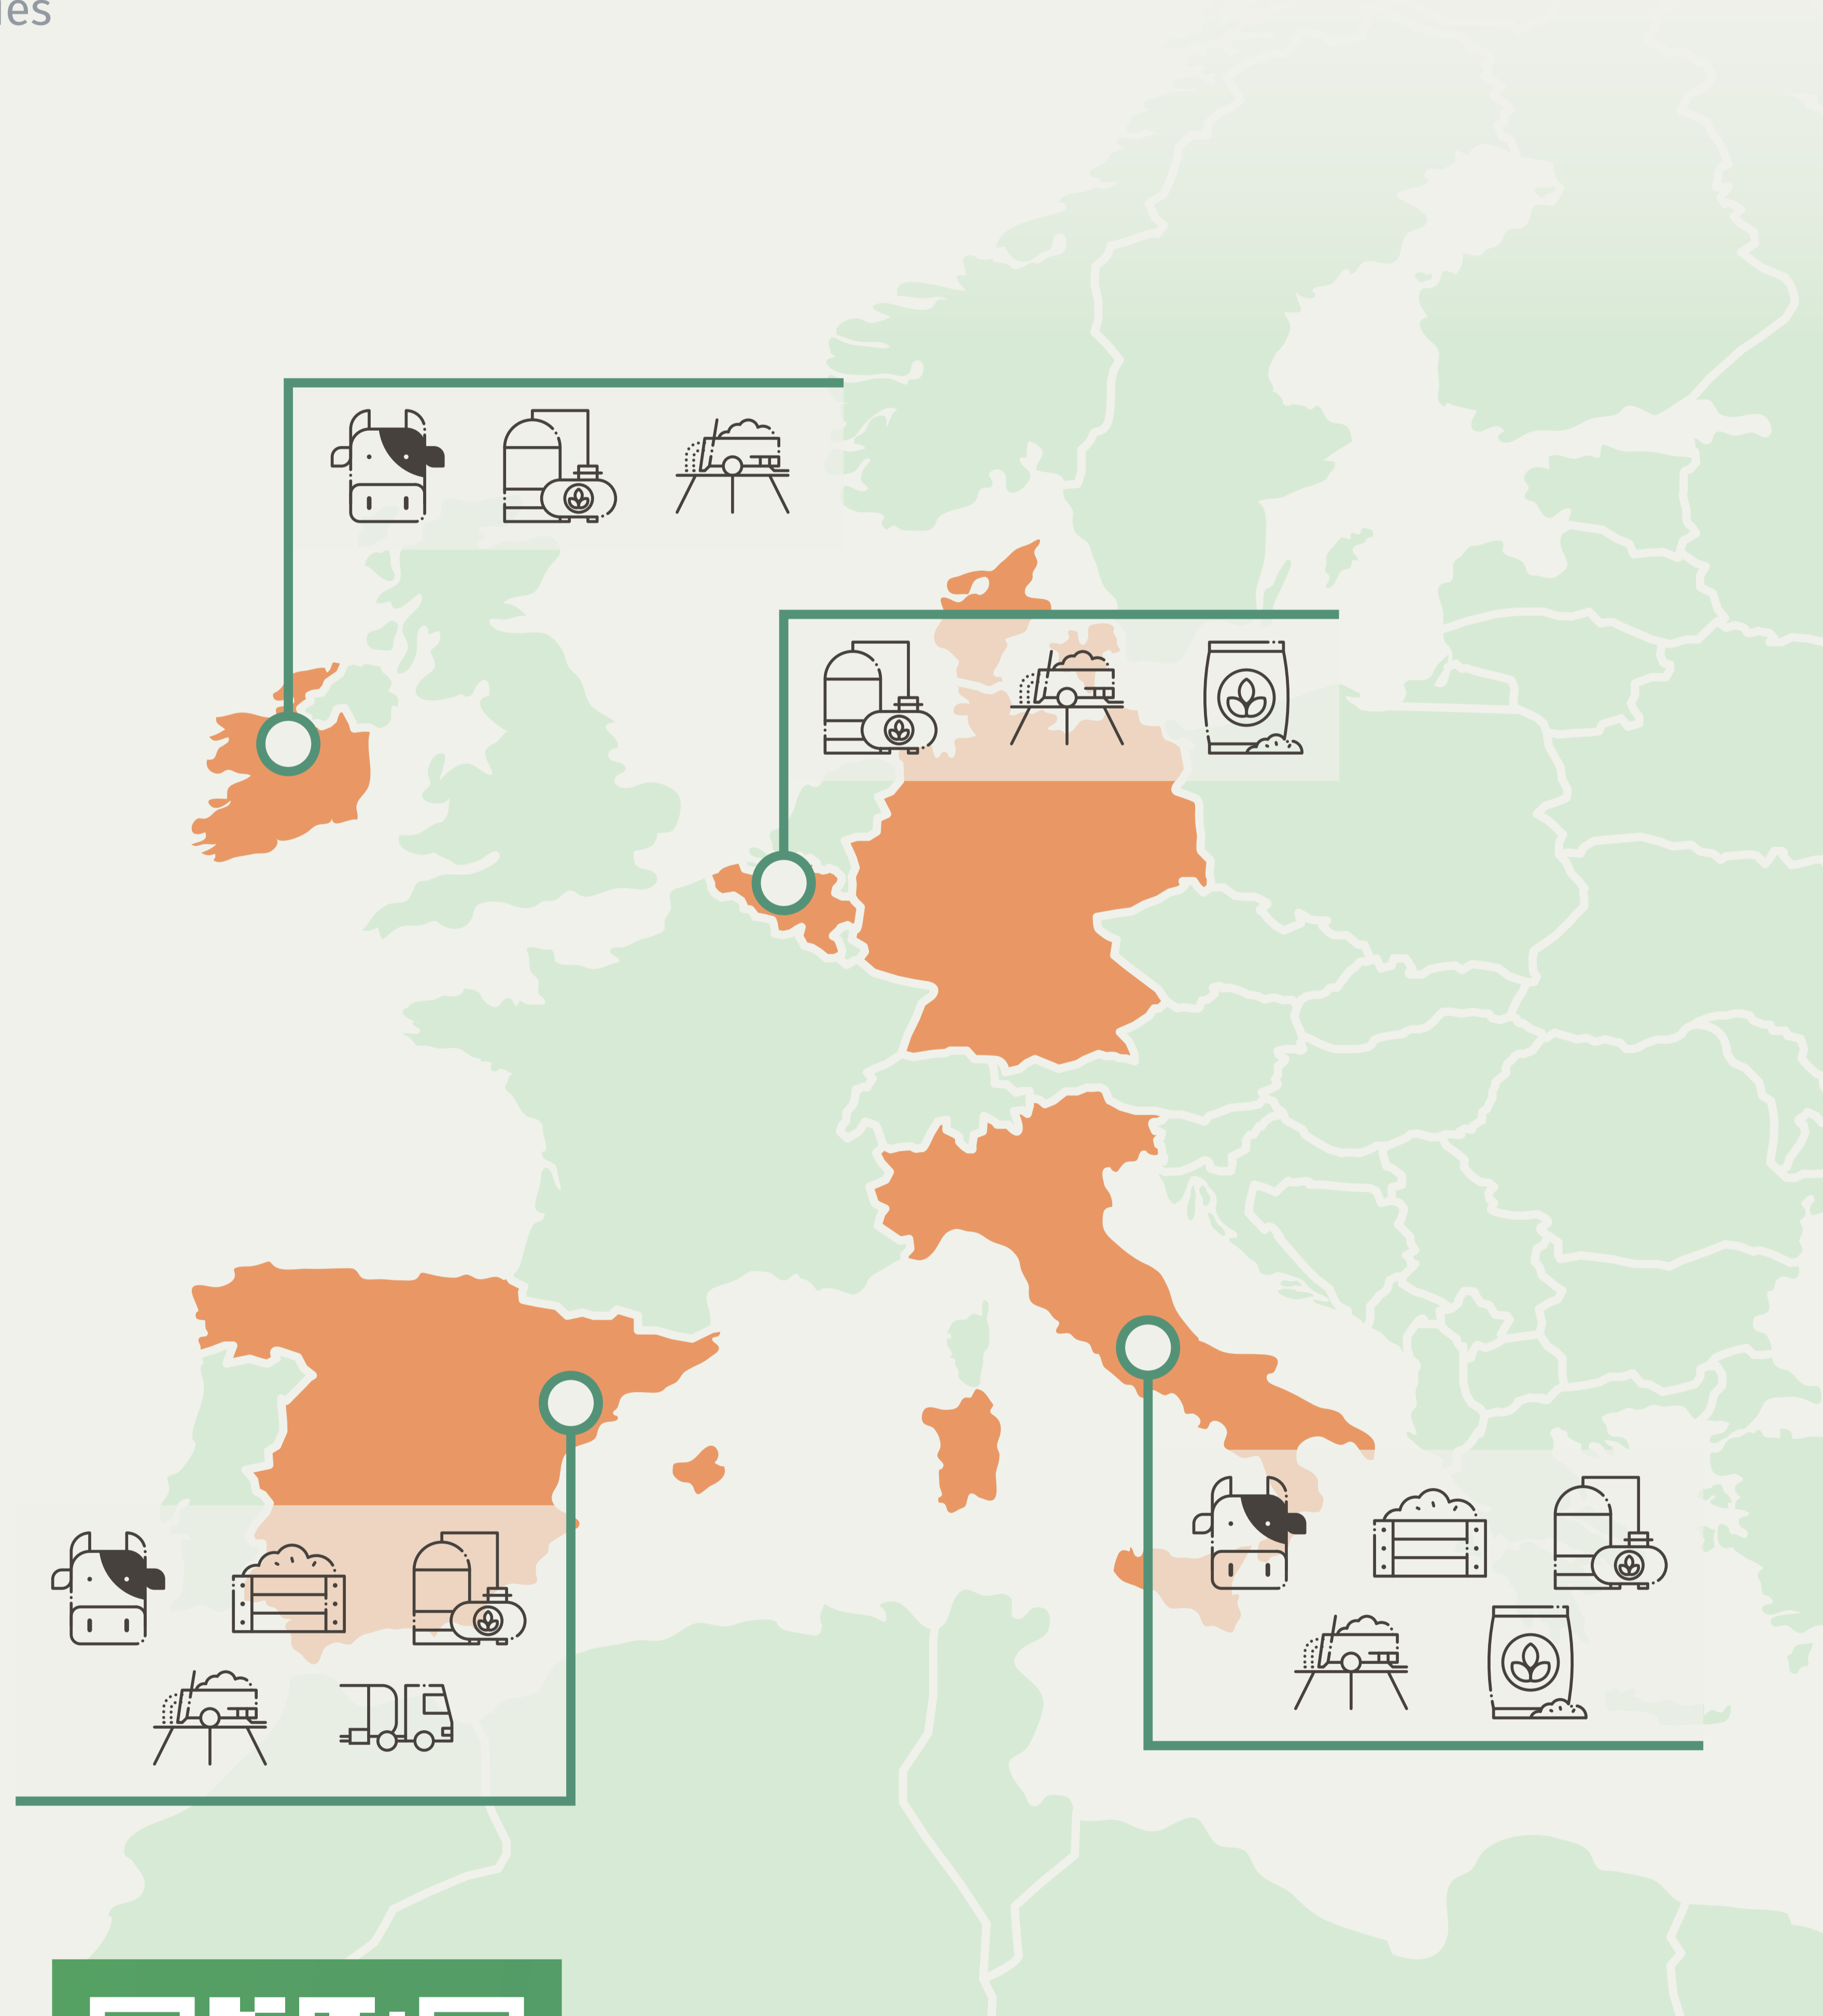

NUTRI-KNOW in a Nutshell

NUTRI-KNOW Operational Groups

11 organisations from 6 countries are working on a more sustainable and efficient European agri-food sector.

That's why one of the final goals of the NUTRI-KNOW project is not only to share easy-to-understand and ready-to-practice knowledge, but also to connect people and territories through a community of practice.
